POST Plan IV

IDI Critical Thinking as an Instructional Model

Presented by the Regional Training Center

Description: This course provides essential critical thinking instructional skills for those who teach within a law enforcement or public safety related training program. Students will learn through hands-on experience in a highly interactive environment. Immediately upon completing this course, instructors will be able to modify their own classes to enhance and improve students' problem solving, creativity, and critical thinking.

This course is for skilled instructors who are ready to take their teaching to a new level. **This course is a prerequisite for Level 4 (MICC) of the IDI Program. Students who intend to enter the MICC must complete this course prior to the start of their MICC course. Those students will be given registration priority.**

This course also meets the triennial AICP re-certification training requirement for POST (AICP) Basic Academy instructors.

Requirements: Completion of AICC (Level 1) or its equivalent. Laptop computers with wireless access are REQUIRED.

POST Plan IV is used for this course. For POST reimbursable agencies, there is no tuition for the course, and there is reimbursement for travel and per diem expenses either via TRR or Letter of Agreement (LOA).

Questions: For questions please call Catherine Oberholtzer at (858) 550-0040 or email cober@sdrtc.com

To Enroll: Please contact the San Diego Regional Training Center and speak with our staff at 858.550.0040 – or online at <https://registration.sdrtc.com/detail.php?id=115>
